## NORTH DOMINION TO OPEN OFFICES HERE

One of the favorably talked of recently organized mining companies of this state is the North Dominion Copper Mining & Development Corporation, of Globe, Arizona. Mr. Samuel Sutherland, secretary and treasurer of the company is at the Jefferson hotel, and states that fifty thousand shares of treasury stock of this company has been allotted for sale in this city, and that offices will be opened here in the vicinity of First avenue and Adams street, Thursday. Ore assaying ten per cent taken from a very shallow depth, and there are twelve shafts sunk on their thirty-seven claims, averaging from 20 to 125 feet in depth.

Mr. W. H. Mercer, the former owner of the property, spent approximately sixty thousand dollars during the past twelve years in developing and roving the existence of large ore bodies. The North Dominion property adjoins that of the Inspiration Consolidated Copper Company, and is directly on the Arizona Eastern railroad, and only three and one half miles from the city of Globe.

The company now has a force of men on their property sinking a permanent working shaft, at which it is supposed high grade sulphide ore will be shipped from a depth of less than 400 feet, within the next few months.

L. L. Lichtfield, a successful merchant of Globe, and formerly mining man of years of experience, is president. A. Hillard, who for a number of years has been operating mining properties in Mexico, is vice president of the company, and Samuel Sutherland, formerly secretary-treasurer of the Inspiration Consolidated Copper Corporation, of Richmond, Va., one of the largest concerns in that section, is secretary-treasurer of the North Dominion Company.

Mr. Wm. Richards and W. H. Mercer will have charge of all mining operations, and they are both men of ability. Mr. Richards having been connected with the D. C. Copper Company, of Morenci, for the past eighteen years, and Mr. Mercer's experience as a mining man dates back more than forty years, he having mined in the Globe district for the past eighteen years, and was connected with large mining properties in the southern states for years previous.

The company has issued a very comprehensive prospectus, giving all details in connection with their property and showing cuts, etc. A large quantity of ore will be on display at their office here.

The subscription price of 50c will soon be withdrawn and price raised to either seventy-five cents or one dollar, is stated by Mr. Sutherland. This will be decided at a board meeting this week. Par value of the stock is \$1.00. Arrangements for listing the stock on the New York curb are now under way.

## HOODOO JURY CALL ISSUES FOR VENIRE

When the grand jury appeared in the superior court yesterday in answer to summons issued last week, there were but 13 present of the 21 called. It was learned that the absent 8 had either moved from the county or had some other good reason for not appearing, and 8 more names were drawn, and the jury called for 2:30 o'clock this morning. The names added to the jury list are C. C. Greene, Frank J. Blount, J. S. Meard, S. S. Greene, G. J. Hammons, I. T. Davies, Fred Christy and Charley Fowler.

A matter that will claim the attention of the jury this session, is that of J. F. Lee, who was given his preliminary hearing on a felony charge in Justice DeSousa's court yesterday. The charge on which Lee was held to answer to the grand jury has to do with his alleged treatment toward eight year old Cleo Davis, daughter of J. M. Davis.

## ASKS SHERIFF TO KIDNAP SWEETHEART

Appearing to the sheriff's office to aid him in his affairs of the heart, Angelo Rivera, a twenty-three year old Mexican youth asked that Jeff Adams of his deputies kidnap his sweetheart, Dolores Valenzuela, that she might become his bride. He declared that the girl's parents kept her a captive, and although she was willing and even eager to marry him she was not given the opportunity. Yesterday she managed to send him word to meet her at the circus. While her father and mother were enjoying the fascinating acts she proposed to steal quietly from their side and join her lover. He went to the performance. In all that throng he was unable to

## ARIZONA RAY COPPER 26c

I consider it has greater possibilities than Jerome Verde and should be to the great Ray Consolidated what United Verde Extension is to United Verde. I was one of the organizers of Jerome Verde and sold over a million shares of that stock at from 10c to \$1 per share, and sold thousands of shares of United Verde Extension at from 50c to \$1 per share, now \$40 per share. I predict \$1 a share for Arizona Ray. Buy it today and tomorrow at 26c. Telegraph your orders, stating number of shares wanted, and follow with remittance by mail. I will forfeit \$100 if you visit the property and do not find it as represented.
